**AMERICA'S EXTERIOR REMODELER**

Improving Homes. Changing Lives.

# 4000 SERIES

## VINYL REPLACEMENT WINDOWS

Enhance the value of your home with premium replacement windows.

Replace tired, inefficient windows that have lost their curb appeal with Window World's premium quality 4000 Series vinyl replacement windows. Offering a wide variety of style options that will both improve your decor and heighten energy efficiency, our 4000 Series Windows will deliver pride, enjoyment, and peace of mind for a lifetime.

Window World Windows are backed by a lifetime limited warranty\* that provides years of worry-free comfort. This lifetime warranty is also transferable, protecting both you and the resale value of your home.

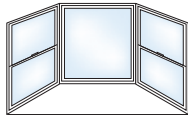

### **Boost Thermal Performance**

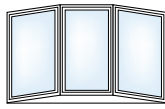

The optional Intercept Ultra™ spacer features a U-channel design and is made of stainless steel alloy for better thermal performance and increased strength.

## Windows Of Distinction.

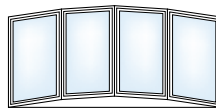

If you know your home needs that little something extra to make it truly unique, consider adding a bay, bow, or garden window or sliding patio door. All of our specialty windows and doors are designed to look like part of the family with our other style windows, and can be outfitted with the same stylish hardware finishes, exterior colors, and grid options for a singular look throughout your home.

### Clear Vue Screens

No tabs to break out or get in the way of your view, our screens have slender grips built in to the frame.

### Smartly Ergonomic

Double-hung and double-sliders have pull rails on both ends of the operable sashes. Our screens have slender grips built into the frame.

### Easy Cleaning

Our double-hung windows tilt in for easy, indoor cleaning.

## VINYL REPLACEMENT WINDOWS

### Superior Features Inside And Out.

Outside there are lots of features that help make your Window World windows and doors beautiful to look at and easy to operate and maintain. Take a closer look inside and discover the many unseen features that truly make our windows a superb investment in your home.

#### Beautiful And Efficient.

It isn't just about saving money, it's about helping to conserve resources and making your home comfortable. Window World windows and doors are among the most energy-efficient on the market. A complete selection of glass packages allow you to tailor your window to your exact needs, yielding the performance that makes the best sense for your home.

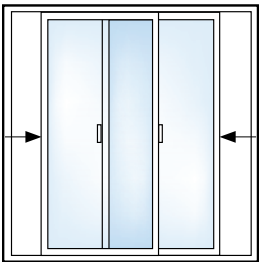

#### Available Energy Packages

LOWER RATINGS = MORE EFFICIENT ↓	U-FACTOR (US/I-P)	SOLAR HEAT GAIN COEFFICIENT

<b>SolarZone TG2™</b> Triple Pane, 2-Low E <sup>3</sup> , Argon Gas, Intercept Ultra Spacer	<b>.22</b>	<b>.18</b>

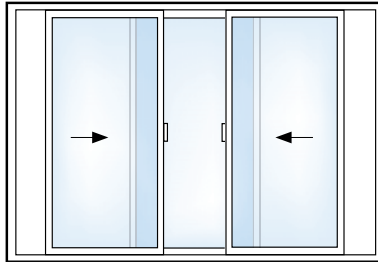

## Windows That Open Your Way.

Window World 4000 Series vinyl replacement windows come in a variety of opening styles. Choose the one that best fits your decor and is best for your home. Whether you want more airflow, a better view, or are dealing with tight spaces, our windows open the way you choose. You can even find a style that complements specialty bay, bow or garden windows. All styles are as functional as they are attractive, making them easy to open, close, lock, and wash.

### Double Slider

Perfect for when you need more flexibility than a typical slider when hampered by lack of space, double-sliders are a great solution for tight horizontal spaces that need airflow.

### End Vent Sliders

With an end vent (or 3-lite) slider, break free from the confines of fixed windows and experience a refreshing wash of fresh air anytime you like by simply sliding inward either side of this highly functional window.

### Ultimate Flexibility.

Double-hung windows, our most popular window style, are preferred by many homeowners because they are so easy to clean due to an inward tilting sash. The double-hung window can be opened by lowering the top or raising the bottom sash.

### Ventilation And View.

Hinged at the top and designed to open outward, awning windows help cool off rooms that would otherwise lock in heat, opening and shutting easily with the turn of a handle. Perfect paired with picture windows, awnings are the ideal accent to allow a room to breathe.

### Turn Up The Value.

Casement windows open outwards to the left or the right with an easy to manage handle. This style of window allows you to control direction and volume of ventilation and maximizes views when fully open. Casements also deliver superior energy efficiency and weather resistance.

# 4000 SERIES

## VINYL REPLACEMENT WINDOWS

### Your Home, Your Palette.

Whether you want to complement or contrast, or stick with white or tan, there are a myriad of exterior color choices to make any home look its best. You won't believe the difference a little color will make.

#### Exterior Painted Custom Colors

#### Interior/Exterior Standard Window Colors

### Reliably Secure.

Built to withstand the toughest forced entry codes, our lustrous metal hardware finishes are not only ruggedly built, they can beautifully complement your other existing surface finishes like drawer pulls, hinges, and stainless steel appliances.

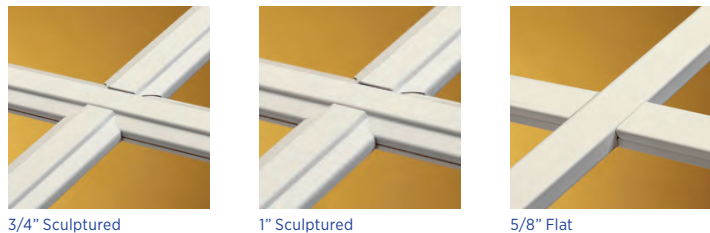

#### Hardware Finish Options.

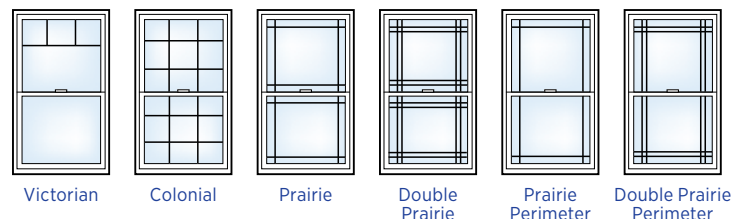

### Light, Shadow, and Texture.

The architectural style of your home sometimes demands a certain aesthetic from your windows that can be achieved with the tasteful use of grids. Our grids are placed between the glass panes, so your windows are much easier to clean. Choose from flat and sculptured in assorted grid patterns.

#### Interior Grids.

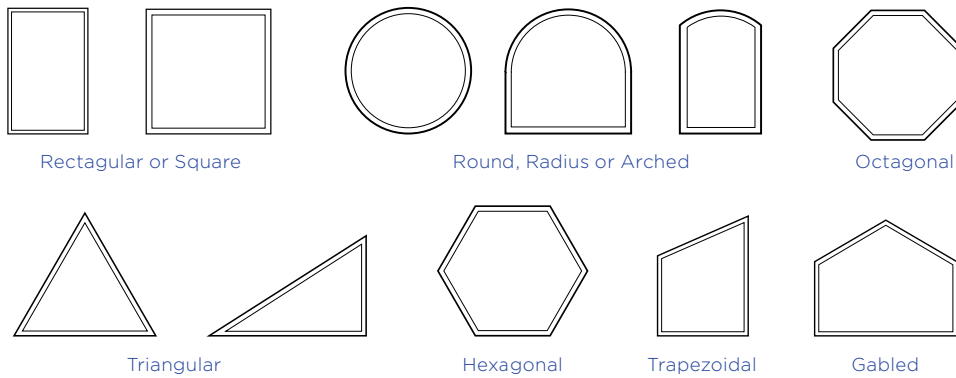

#### Available In 6 Different Grid Patterns.

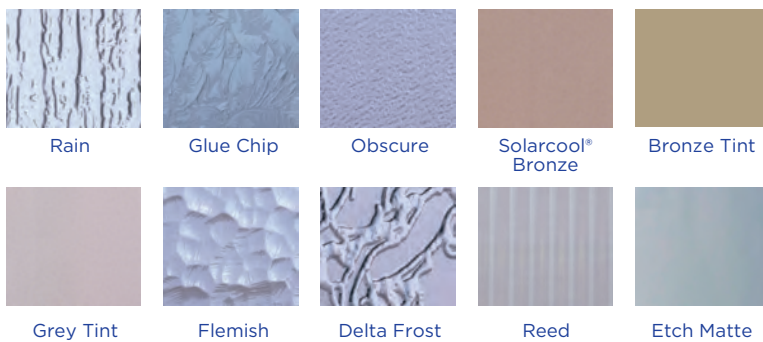

## Ultimate Versatility, Superior Style.

Picture windows can't be opened, but that's exactly what makes them so energy efficient. They cast light into otherwise dark areas of the home and are often used as the anchor window in a larger arrangement of multiple windows and styles.

## Privacy Glass.

Make your home unique with a stylish touch of decorative glass designed to enhance the look of your home and increase the level of privacy.

Some homes need specialty glass designed to reduce unwanted noise infiltration. If you need noise-reducing glass, just ask us.
